

St. Mary Child Care Center and Preschool

“Learning Together”

About our program.

St. Mary Child Care Center and Preschool welcomes children ages 30 months through 10 years old. We are open to the community of Platteville and the surrounding area and is non-denominational. We offer nurturing and affordable Preschool, Child Care and school age programming. We follow the Platteville School calendar.

We foster an environment that encourages individual growth and learning. As children engage in free play at our center they are fine tuning social and emotional skills. Your Early Childhood child will be well prepared for 4K or Kindergarten. We work on the basics; beginning literacy, shapes, colors, letter and number recognition and practice Jolly Phonics daily. Learning is individualized so each child can reach their full potential.

School age children are escorted to and from the Platteville School District shuttle bus drop site daily. They are met each afternoon by a staff member. Children are offered a nutritious after school snack. Our school age teacher offers many different activities; arts and crafts, large group games, and quiet time activities. Children are also encouraged to work on homework and our teachers are available to help.

Where are we located?

St. Mary Child Care Center & Preschool is nestled in the lower level of St. Mary Catholic Church at 130 W. Cedar Street in Platteville.
